PRESS RELEASE

IPACESETTERS ANNOUNCES A REBRANDING INITIATIVE AND RELOCATION OF ITS TULSA HEADQUARTERS.

iPacesetters, LLC, a 49-year global leader in Omni-Channel Contact Center and Digital Marketing Services, announced today its initiative to consolidate its offerings under the new name of Avantive Solutions. The company also announced the relocation of its corporate headquarters to a larger, more centrally located building in Tulsa, OK.

The new brand – Avantive Solutions – aligns with the company’s forward-thinking strategies to grow an even stronger organization and client base for their full suite of Omni-Channel services. The rebranding allows the organization to make those important next steps towards being Best-in-Class in an ever-changing world of technology and customer interaction under a single global brand.

Avantive Solutions has also announced the move of its Tulsa, OK corporate headquarters to a centrally located facility on a 47-acre certified green space with a beautifully fully renovated interior and direct access to public transportation. The new location along with a dynamic new management team are a part of its ongoing efforts to focus on the employees, promote employee comradery where individuals can flourish, and support the community with its many volunteer activities.

Avantive Solutions’ goal is to expand their corporate facility to over 600 employees at all employment levels by the end of 2020. These positions are full-time, with flexible schedules, with recently enhanced benefits package. The name change, the renovated location and new management, along with its charity partnerships are just some of the many improvements supporting the company’s extensive repositioning initiatives to delight clients, develop staff and support the community.

“These improvements mark a milestone in our company’s development. The new name – Avantive Solutions – positions us to emphasize our innovative global capability of providing contact center and digital marketing services in an environment where employees are excited to go to work and drive performance for their clients”, said newly appointed CEO of Avantive Solutions, Frank Pettinato.

The new name is effective immediately. It will be implemented across the company's products, services, and global locations throughout the calendar year 2020.
